

### **Volunteers and Students**

Intework values the development of partnerships to provide opportunities for volunteers and student placements across our organisation.

We are based across several areas around Perth (including Busselton and the Peel region), and we are within easy access to public transport. For volunteers and student placements, we will endeavour to provide opportunities for you close to where you are living.

All students must provide a *National Federal Police Clearance* prior to their commencement of any placement. A *Working with Children's Check* will not be accepted. Intework will apply for and obtain national police clearances at no cost to volunteers.

To obtain more information or to find out how you can become a volunteer or for student placements please email [hr@intework.org](mailto:hr@intework.org) or you can phone Laura Rolston on 9244 0800.
